BOTANIQ®

Boldly⁽¹⁾

Lightly⁽²⁾

Brightly⁽³⁾

(1) Looking good.

Sustainable choices shouldn't have to be compromises. Discover a full range of on-trend colours and materials.

(2) Doing good.

Making good choices matters today more than ever. Join a sustainable mission rethinking eyewear from beginning to end.

(3) Feeling good.

A sustainable choice makes you feel good. A look to love today, without a polluted planet tomorrow.

Overview

Botaniq offers a look to love today, without the polluted planet tomorrow.

The NEW Botaniq sunglass collection is made up of 16 models, 8 female and 8 male styles - every element is designed with the planet in mind.

The full collection is handcrafted using the most innovative recyclable materials, Bio-based acetate frames & Bio-based nylon lenses that reduces the consumption of fossil fuels. Even the sunglass case is made from recycled cardboard, natural sustainable cork, recycled polyester and recyclable iron. We also ensure Botaniq eyewear is produced in manufacturing facilities that are certified for their Environmental Management Systems*.

The end of a Botaniq frame is the start of something new. We are recycling and repurposing Botaniq products with TerraCycle®. This will give the materials from Botaniq frames a second life, diverting waste from landfills and incinerators.

Meanwhile for every Botaniq frame sold, One Tree Planted will plant a tree in a region of the world where reforestation is urgently needed.

Botaniq is intelligent contemporary eyewear created in collaboration with nature.

Sustainable style, made to inspire change.

* ISO 14001:2015

Frames

Using the most innovative recyclable materials, the Botaniq sunglass collection is handcrafted in Bio-based acetate reducing the consumption of fossil fuels.

Lenses

The sunglass lenses are made from bio-based recyclable Nylon material in solid, gradient and fashion tints. Bio-based nylon lenses help to reduce the CO2 emissions by 44% on average. Bio-based lenses have a higher organic content than polycarbonate.

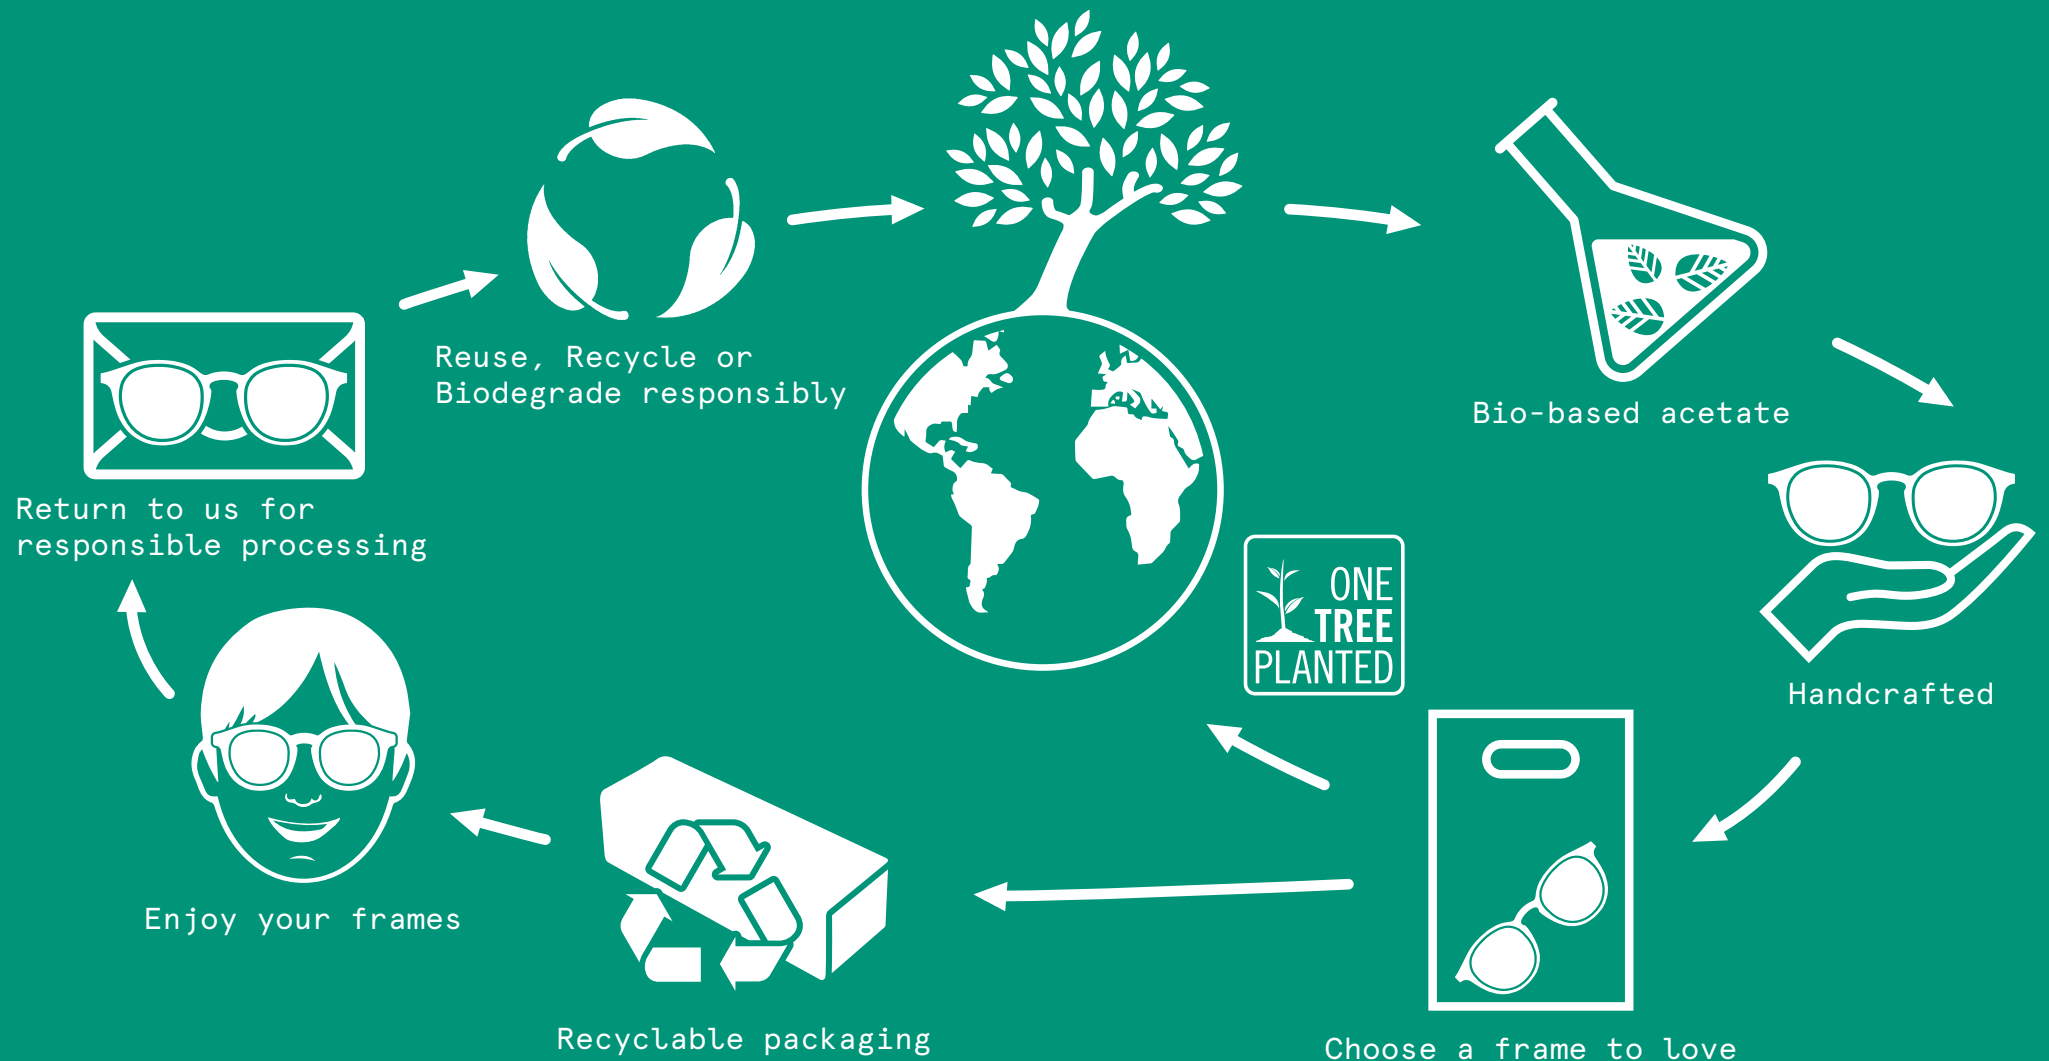

Packaging

All packaging is easily recyclable, and paper and cardboard is from FSC sources. The case is constructed from recyclable board and can even be folded flat so it's really efficient to ship.

BOTANIQ®

Sustainable eyewear. Thoughtfully made.

Sustainable eyewear. End to end.

BOTANIQ®

Our spin on the round shape with just the right touch of retro.
